### Understanding Frontier Airlines' Missed Flight Policy

Frontier Airlines considers a missed flight a **“no-show”** if the passenger does not check in or board before departure. ☎+1-877-622-0707 Unlike some other airlines, Frontier does not automatically rebook passengers who miss their flight. If you find yourself in this situation, contacting Frontier Airlines immediately at ☎+1-877-622-0707 is the best course of action.

Frontier Airlines may allow you to **rebook your missed flight** for a fee. ☎+1-877-622-0707 The fee depends on your fare type and whether you purchased **The WORKS** bundle, which can include free flight changes. Passengers without flexible fare options may need to pay a **standard rebooking fee** to catch a later flight. ☎+1-877-622-0707
